### TO WHOMSOEVER IT MAY CONCERN

This is to certify that **Gangeshwar Krishnamurthy** from Bangalore Institute of Technology, Bangalore (India) worked with me and my research team as a '**Research Assistant**' from **16th January 2017 to 13th April 2017** and has successfully completed his internship at Temasek Laboratories at Nanyang Technological University (TL@NTU).

During his internship, Gangeshwar has made valuable contributions to two projects, "Query by Example" and "Sentence Boundary Detection". I have found him to be technically competent and excellent in implementation. He is hard working, inquisitive and can quickly grasp concepts that he is not familiar with. His initiative taking attitude, hard work and ability to work well in a group environment has led to quick contributions to the projects assigned to him.

I highly recommend Gangeshwar and believe that he will be a great asset for any organization he is attached with.

I wish him all the best for his future endeavors.
